

Doctors are doing a study at: _____ Hospital.

Contact number:

The doctor in charge of this study is: Dr _____

Ethics approval number:

Doctors and nurses are doing a study on 'Surgery in children'.

Children sometimes need operations to get better.

Some children have to spend more time in hospital than others.

If you want to know more about this study, you can ask your doctor or nurse.

Information about your surgery may explain why some children get better faster.

This information will be recorded from your hospital charts but will not include your name or address.

The information about your operation may help children in the future get better faster.
